

IN THE DRAWINGS:

Applicant is concurrently submitting drawings to meet the desired format indicated by previous rule changes. No new matter has been added.

IN THE CLAIMS:

Please cancel claims 1-46 and 57-96 without prejudice.

REMARKS

Claims 47-56 are the only claims pending as of this Preliminary Amendment. In a restriction required during prosecution of the parent application, the Examiner identified these claims as group II claims "drawn to a method of evaluating a logic circuit, classified in class 326, subclass 9." (See the Office Action of May 5, 2003 for U.S. App. Ser. No. 10/122,380.) Inventorship has been amended accordingly. In light of these amendments, Applicant submits that claims 47-56 are allowable and therefore requests allowance of all of the pending claims.

Respectfully submitted,
